Abraham Lincoln – Lawyer, Leader, President

In honor of the bicentennial of Abraham Lincoln's birth, this presentation will explore the leadership qualities that Lincoln developed during his quarter-century legal career and carried into the most challenging presidency in American history. What lessons can we learn from his assembly of a cabinet of seven men, all of whom were attorneys or had legal training and represented different geographical and ideological constituencies within the coalition that elected Lincoln? How did Lincoln employ this talented but quarrelsome "law firm" that managed its various departments and gave him solid advice? Join us for this insightful look at our 16th president, who continues to teach by his example.

Joint Workshop 1A – Abraham Lincoln's Philosophy of Law

Grand Ballroom C North, Gold Level, East Tower

While Lincoln never wrote treatises or issued opinions as a judge that reflected his philosophy of law, he wrote notes for a lecture that emphasized his legal professionalism. In his legal correspondence and in his courtroom actions, he practiced the professionalism he preached. John Lupton, an expert on Lincoln's papers, will use documents to demonstrate Lincoln's ethics regarding the law, discussing specific cases and outlining Lincoln's notes for a law lecture.

Metropolitan Bar Caucus

Metropolitan Bar Caucus

The Metropolitan Bar Caucus (MBC) is a sub-group of the National Conference of Bar Presidents (NCBP) that seeks to address the interests and the concerns of major metropolitan bar associations throughout the United States. Established in 1979 as the National Caucus of Metropolitan Bar Leaders, the organization became the Metropolitan Bar Caucus in 1993. At annual and midyear meetings held in conjunction with the ABA and the NCBP, the MBC presents programs exploring a variety of topics including pro bono activities, diversity, membership, financial issues facing metropolitan bars, community involvement and recruitment of young lawyers to join and participate in metropolitan bars.
